From, G. F. Meiklejohn Esqre
Deputy Commissioner
Mysore District

To, The Chief Secretary to the
Government of Mysore

Sir,

I have the hond to submit here-with a file of canarese correspondence ending with Heggaddevenkote Amildar's report no 502, dated 11th January 1890, on the application of Ganji Varadiah for certain lands in Kodi Chamanahalli and Mellahally villages, Heggaddevenkote Talak.

2. I personally inspected some of the land applied for, but as it grew dark I was unable to see it all, and directed the Sub Assistant Conservator of Forests to inspect the jungle in both these villages thoroughly, and report. His report is submitted with this.

3. I saw enough of the land now applied for, to understand that the

cannot be styled Forest. There are a few tamarind trees here and there and some sandal, but no other jungle worth preserving.

4. The Dewan of Jeypore will understand the sort of jungle there is exactly, when he knows that it is really a continuation of the scrub jungle, which His Highness the Maharaja and the Dewan went over, when shooting last December. The jungle is exactly the same small scrub mixed with some sandal.

5. The greater part of the land applied for is commanded by a channel and can therefore for the most part, be turned into wet cultivation. The present revenue to Government from these two villages from Hillbarnie, is only about Rs 4-8, but the amildar anticipates a revenue of about Rs 700 at least, if permitted to give them for cultivation.

6. The Durkhastdar is Mr. Guruja Narsimhiah, the well known merchant, who founded the Sanscrit

school at Jeypore. It is for the maintenance of this school, I understand, that he wishes to devote the income of these lands.

7. Of course care will be taken to reserve to Government any particular field where the growth of sandal is unusually thick and the durkhastdar will be warned that he is responsible that no damage is done to the existing trees in the other parts by his men.

8. The order of Government No 805 dated 20th April 1886 reserving these lands having been evidently issued under the belief that they were covered with heavy valuable forest, instead of being as they are covered, only with scrub, I beg that it may be rescinded and that I may be permitted to give the lands out for cultivation at once.

9. I understand that my predecessor, Mr. Ananda Row, also inspected these villages and expressed

himself as desirous of giving these lands out.

10. Early orders are requested so that I may have the lands of these villages at once measured up into numbers and classed. Unless this is done now the durkhastdar will lose another whole cultivating season.

I have the honor to be,
Sir,
Your most obed.t Servant
J.L. Mackay
Deputy Commissioner
Nuggur District.

Read:-
Letter No. 933 dated 8th February 1890 from the Deputy Commissioner, Mysore District - regarding the giving out for cultivation of lands Survey No. 23, the Kodichamanahalli village and No. 1 in the Mallahalli village in Heggadevankota Taluk.

Order thereon:-

Under the circumstances represented in the above, the Dewan is pleased to rescind the orders contained in Prop: No. 805 dated 20th April 1886 and to direct that the land applied for may be broken up into small Survey numbers classed and assessed. Such fields as are thickly studded with sandal trees should be reserved for Government. The right of occupancy of the remainder, with trees standing thereon, should be

No. 3391-4 / 151 dated 17 EVP

be sold by public auction due notice thereof being given to all interested and otherwise well published. If Ganji Narasimiah agrees to register these lands in the name of the Managers, for the time being of the Sanscrit school at Mysore named and agrees to pay a fair value for the trees other than sandal-wood standing thereon, Government will be willing to let him have the lands without auction; and in that case, the Deputy Commissioner should cause a fair and careful valuation made of the trees and the same submitted for the consideration of Government.

2. The Dewan is not disposed to attach any value to the suggestion of the Amildar that the lands can be irrigated by Channel water, and that therefore a revenue of Rs: 700 can be obtained from it as water-rate. The channel in question is the Megalvoy channel which conveys a very limited supply of water barely sufficient for the lands now irrigated by it. Until it and its feeder from the Hanagode anicut are put into thorough order and improved by the P. W. D, the Deputy Commissioner should be careful in acceding to applications for converting dry lands into wet with the use of water conveyed by this channel.

Dated 18th/19 September 1890

Memo:

Chief Engineer's No. 3688 dated 12th Ultimo, forwarding Mysore Government Proceedings No. 3391-4/151 dated 27th July last and making enquiries whether the Executive Engineer has taken any action for the improvements of the Anikat and feeder of Hanagode Channel. ——

——— 4 ———

Has the honor in reply to state that the land alluded to in the Proceedings is situated in the middle of the Maigal-=way Channel which is fed from the surplus water of the two branch Channels Oodoor and Hanumuntapur taken off from the Hanagode Main Channel. The present supply cannot be increased as the lands already under wet cultivation do not get a sufficient supply in the months of October, November and December owing to the well known

scarcity of water in the Satchamantirtha
river in those months.

ABSTRACT.

States that in 1887 he applied for Survey Nos 1 and 23 situated in Mallasandra and Kodichikanhalli Villages of Jinnapanhalli Hobli, Hegganadevanakote Taluk, for Cultivation. The Subject coming for the orders of Govt, the Govt directed to have these lands split up into small numbers and sold to the public. Accordingly they were split up and offered for sale but none came forward to bid for them. Under such circumstances the petitioner again solicits the grant of the said lands on certain conditions for cultivation.

PETITION DEPARTMENT.
REG'D. N. 345 R
DATE 3-8-93

Respected Sir,

I BEG respectfully to bring the following few lines to your gracious consideration trusting that they will meet with success.

On the 29th November 1887, I had darkhasted for survey Nos. 1 & 23 situated in Mallahalli and Kodichamanhalli villages of Jinnahalli Hobli, Heggadadevankote Taluk for cultivation. As nothing was done in the matter, on the 10th November 1889, I again submitted my darkhast to Mr. Meiklejohn the then Deputy Commissioner. He having personally inspected the lands in question, was kind enough to recommend to Government that they might be granted to me. The Government in reply ordered in Pro. No. 3391/14 of the 14th July 1890 to have them divided into small numbers and sold to the public. Accordingly a surveyor was deputed to have this done and when they were offered for sale none of the previous darkhastdars who had applied for them came forward to bid for them. The Amildar thereupon reported the matter to the Deputy Commissioner and suggested that they might be given to me. But the Deputy Commissioner in reply in his No. 560/762 of the 11th February 1892 referred him to the Pro. of Government quoted above, which was communicated to me by endorsement No. 1880 of 9th March 1892 in reply to my original darkhast.

Under the above circumstances I now beg to represent for the favorable consideration of Government that these lands are Becharak and were declared by the Forest authorities to be unsuited for their purpose; that in case of the water supply in the channel being found insufficient for cultivation I would, without interfering with the water that is now being supplied to lands already under cultivation, get it at my own cost, and that if the darkhast is complied with, it would greatly tend towards the improvement of the adjoining lands of similar description in the village.

I respectfully beg therefore that the lands darkhasted for by me may be kindly ordered to be given to me under the foregoing conditions.

For this act of kindness I shall ever pray for your long life and prosperty.

I beg to remain,
Respected Sir,
Your most obedient and humble Servant,
NARASIMIAH.

Respected Sir,

I BEG respectfully to bring the following few lines to your gracious consideration trusting that they will meet with success.

3½ acres
165 acres

On the 29th November 1887, I had darkhasted for survey Nos. 1 & 23 situated in Mallahalli and Kodichamanhalli villages of Jinnahalli Hobli, Heggadadevankote Taluk for cultivation. As nothing was done in the matter, on the 10th November 1889, I again submitted my darkhast to Mr. Meiklejohn the then Deputy Commissioner. He having personally inspected the lands in question, was kind enough to recommend to Government that they might be granted to me. The Government in reply ordered in Pro. No. 3391/14 of the 14th July 1890 to have them divided into small numbers and sold to the public. Accordingly a surveyor was deputed to have this done and when they were offered for sale none of the previous darkhastdars who had applied for them came forward to bid for them. The Amildar thereupon reported the matter to the Deputy Commissioner and suggested that they might be given to me. But the Deputy Commissioner in reply in his No. 560/762 of the 11th February 1892 referred him to the Pro. of Government quoted above, which was communicated to me by endorsement No. 1880 of 9th March 1892 in reply to my original darkhast.

Under the above circumstances I now beg to represent for the favorable consideration of Government that these lands are Becharak and were declared by the Forest authorities to be unsuited for their purpose; that in case of the water supply in the channel being found insufficient for cultivation I would, without interfering with the water that is now being supplied to lands already under cultivation, get it at my own cost, and that if the darkhast is complied with, it would greatly tend towards the improvement of the adjoining lands of similar description in the village.

I respectfully beg therefore that the lands darkhasted for by me may be kindly ordered to be given to me under the foregoing conditions.

For this act of kindness I shall ever pray for your long life and prosperty.

I beg to remain,
Respected Sir,
Your most obedient and humble Servant,

P. NARASIMIAH.

BANGALORE,
27 July, 1893.

Petr. States that the three Villages
of Mallahalli Kodichamankalli
& Kodichamankalli are Becharak that he will take up

one of these Villages - named Kanakankelli - for which has already been he wd at once apply - but there are no wet lands attached to that Village and therefore he wd like to have, in addn, the lands now applied for, part of which is capable of being converted into wet. He is anxious that the Beehivak Kanakankelli may be reformed with the addl. lands now applied for in such a way as to form a Compact-block. The applcn is deserving of Consideration -

I wd like to have at once the previous papers on the Subject and the Survey Plans of the 3 Villages (to be had from the Ht. Qr. Survey Office), for reference -

51 dated 21st April 1891, from the Superintendent of the Mysore Revenue Survey:

—a—

Order.

Referring to the orders contained in Proceedings + 1 w.b.
No. 3391-4/151 dated 12th July 1890, the Superintendent of Revenue Survey reported in Letter No. 51 dated 21st April 1891, that the Lands applied for by Dharmapravritta Gunja Narasimhaiya being overgrown with scrub, are difficult of ready survey and demarcation into Fields. The Govt. therefore cancel the orders of 12th July 1890 above quoted and direct that the Lands noted in the

* Survey No. 1, measuring 344 & odd acres in the Mallahalli village
& Sur: No 23, measuring 265 acres & 14 guntas in the Hodithamanahalli

the margin, for which the Durkhastdar Dharmapravritta Gunja Narasimhaiya specifies in his Petition of 27th July 1893, be at once granted to him on full assessment as recommended by the Deputy Comr. so far back as February 1890, due care being taken to exclude from his holding and to reserve to Govt. absolutely any particular portions of these lands where Sandal growths may be unusually thick and the Durkhastdar being duly warned that he is responsible that no damage is done to Existing Sandal trees in other parts by his men.

2. The grant is made subject to the condition regarding water supply specified in para 2 of the Durkhastdar Dharmapravritta Gunja Narasimhaiya's petition dated

dated 27th July 1893 which is herewith forwarded to the Deputy Commr: who will take a proper Muchalika from him in accordance with these orders.

3. Regarding Durkhastdar's verbal application to the Dewan for some Bechirakh village in Heggad-devankota Taluk, he will be informed that his application, if any, for such village, should be submitted in due course through the Deputy Commissioners.
